

NEW PLAYGROUND IN PINE GARDENS

Conservative-run Hillingdon Council deliver more local improvements in its award-winning parks

Your Cavendish Councillors are delighted with the new play area in Cavendish Recreational Ground by Pine Gardens.

On a particularly cold January day, Michael attended the official opening by The Mayor, who was joined by pupils from Newnham Infant School.

The project was led by local residents who applied for a Chrysalis grant to improve the play equipment.

Life-saving equipment for

All Hillingdon libraries and schools have been equipped with AED's - life saving defibrillators for anyone in cardiac arrest.

These devices give high energy electric shocks to the heart through the chest wall. They are simple to use with verbal instructions.

One hopes they are not needed but in

Julie the lead applicant thanked the Council for the Chrysalis grant, which is the Conservative Administration's £1m annual environmental improvement fund.

Cllr Michael White said, "This is a fine example of what the Chrysalis bid system is all about, enabling residents to improve their own environment".

NEW PAVING FOR EASTCOTE

Councillor Eddie Lavery successfully obtained funding for the paving stones to be replaced between Morford Way and The Ascott.

This funding comes from the Conservative Council's road and pavement resurfacing programme and separate from the planned re-vamp of the shopping area.

Roads recently resurfaced:

Aldridge Avenue, Cambridge Drive, St James Close and St Peter's Close

LIBRARIES ARE COMMUNITY HUBS

Whilst many Councils have closed or reduced library opening times, we are proud in Hillingdon to have invested in all our libraries.

The libraries which service Cavendish, Eastcote, Ruislip Manor and South Ruislip have become a hub for all year round events. The range of activities provided by the staff confirms the value of our libraries to our residents.

With events like the Summer Reading Challenge for Children, author events and social gatherings for adults, as well as being a place to enjoy the range of books on offer, the libraries are a valuable frontline service.

NO CHARGE FOR GREEN WASTE

Some residents have voiced their concern that they will be charged for the weekly green waste collection, as happens in Labour-controlled Ealing.

Cllr Teji Barnes confirmed that, unlike Ealing, who charge £60 to collect green waste, Hillingdon will continue to provide the service free of charge, collected weekly on the same day as the refuse and recycling.

She said, "Hillingdon is run for its residents and our strong financial management means we don't need to charge residents for services the Council should provide".
