## HILLINGDON HAS THE BEST PARKS IN COUNTRY

■ Conservative run Hillingdon Council wins 47 Green Flags for top quality parks and open spaces .

Hillingdon Council has been awarded an outstanding 47 Green Flags, making it the local Authority with the highest number of top-quality parks and green spaces in the UK for the fifth year running. To be awarded a Green Flag, parks and green spaces must meet very high standards, many of these have been awarded to our parks in Northwood.

Carol Melvin said, "We are extremely proud of our Green Flags in Northwood! Many residents have told me of their pride in our green spaces. I welcome the promise of continued investment in our green space from Conservative controlled Hillingdon Council."

## RECORD NUMBER OF ROADS RESURFACED

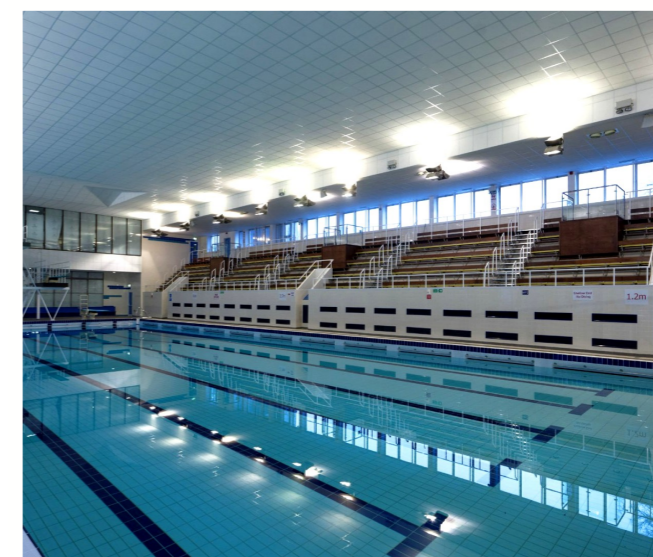

As promised when we stood for election last time, many more roads across the ward have been re-surfaced. Hillingdon Conservatives continue to make record investments in our roads and pavements, while other neighbouring boroughs make cut backs.

Scott Seaman-Digby commented, "Ensuring residential roads are brought up to standard shows that not only is Conservative Hillingdon putting residents first, but as your ward councillors we are able to influence the decision makers ensuring Northwood benefits from this programme."

## LOOKING AFTER OUR OLDER RESIDENTS

Hillingdon Conservatives have a proud record of providing additional services and facilities to residents over the age of 65. In Northwood, our older residents are taking advantage of these opportunities;

- 315 free burglar alarms installed in Northwood
- Free allotments provided
- Free Swimming for every resident over 65
- Brown Badge Parking Scheme taken up by hundreds of residents
- Council Tax FROZEN for a 12th year in a row

Carol Melvin said, "Many local residents have told me how much they value these schemes, whether it makes them feel safer, gets them out and about, or keeps their money in their own pockets."

## NEW CCTV IMPROVES SAFETY AT SCHOOLS

Hillingdon Conservatives have installed CCTV at all our Schools. Safety of our young people is a priority, this was warmly welcomed by all teachers and parents. The newly installed cameras also help tackle illegal parking outside our Schools.

Richard Lewis said, "We have worked closely with the local residents, parents and our Schools to deliver the safest possible environment for our young people. Hillingdon Conservatives will continue to make the necessary investments in safety of our young people as they go through their education"
