WHEELS START ROLLING ON THE NEW BMX AND SKATE BOARD

South Ruislip Ward Councillors requested funding from Hillingdon Council to update and enhance Field End Recreation Ground but got more than just an update.

The Mayor of Hillingdon recently visited the park and carried out the Ground Breaking ceremony.

Paul Littleton lead petitioner for the project commented, "We are so pleased this is actually happening and look forward to the thrills and challenges of the new layout and state of the art BMX and Skateboard Park. Thank you Hillingdon Council and our local ward councillors for making this a reality."

SOUTH RUISLIP'S TOWN CENTRE REGENERATION PROGRAMME

South Ruislip's Chamber of Commerce

Hillingdon Conservative Council continues to deliver and support local businesses with its regeneration programme. After many months of construction work our town centre has been transformed into a bustling and more pleasant area for shoppers. The regeneration has included tree lined streets, benches and paving. Your ward councillors have worked hard to ensure that South Ruislip continues to be a great place to live and work.

Sanjay Patel local retailer commented, "Our small businesses are delighted with the new look so much so that we have formed a Chamber of Commerce and are working together to promote our businesses and put on local events during the year."

RECORD NUMBER OF RESURFACED ROADS

As promised when we stood for election in 2010 many more roads across the ward have been resurfaced, in addition to those roads dealt with in the previous 8 years.

The South Ruislip team with the Council Leader.

Steve Tuckwell and Cllr Kauffman agreed. "Ensuring residential roads are brought up to expected standards shows that Conservative Hillingdon continues to 'Put Residents First'. This has been achieved by your ward councillors being able to influence the decision makers ensuring that South Ruislip benefits from this programme."

LIBRARY REFURBISHMENT PROGRAMME

Hillingdon Council continues to invest in all its 17 libraries across Hillingdon and is embarking on innovative improvements with the new refurbishment programme for all. Following the original renewal and upgrade programme which started in 2007 the new changes include books, technology and a wide range of community activities.

Vanessa Hurhangee said. "The library provides so much for the local community with 7 weekly clubs and many one off events. I'm very pleased that the libraries will be upgraded with an emphasis on technology such as 'BorrowBox' turning them into innovative library hubs. This will ensure that our libraries continue to be the envy of many other London Boroughs."
